

IMPLEMENTATION OF INTERNATIONAL GUIDELINES FOR RISK MANAGEMENT IN WELDING FABRICATION

- RMWF project -

Programme: Erasmus+

Key Action: Cooperation for innovation and the exchange of good practices

Action Type: Strategic Partnerships for vocational education and training

- EC Grant:** 148,750 EUR
1. **Coordinator:** ISIM Timisoara
 2. **Partner 1:** Quality Management Software AS
 3. **Partner 2:** European Welding Federation
 4. **Partner 3:** University of Miskolc
 5. **Partner 4:** TVE Engineering

Start Date: 01.12.2016

Duration: 24 months

End Date: 30.11.2018

Target group:

- welding personnel already qualified in basic welding
- personnel having already an IWE/EWE IWT/EWT diploma

Intellectual outputs:

O1: Industry requirements report regarding the need for a course in the field of risk management in welding fabrication

O2: Updated course guideline EWF 640-07; development of the necessary new content to be included

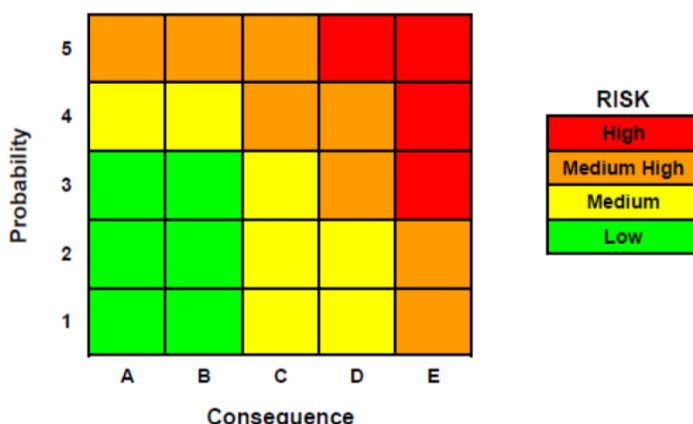

O3: Educational materials
Development of the course support material based on the updated guideline

O4: Pilot-course evaluation report and exam database

Organization of Multiplier events:

workshop for promoting the RMWF project in

- E1:** in Romania (ISIM);
- E2:** in Hungary (Univ. of Miskolc);
- E3:** in Norway (QMS);
- E4:** in Portugal (EWF).

Organization of short-term training activities (pilot-courses)

- C1:** RMWF pilot-course in Romania (organized by ISIM);
- C2:** RMWF pilot-course in Hungary (organized by University of Miskolc).
